

The Back 40 Project

Before the Back 40 Project

During the Back 40 Project

Village Building Convergence (VBC) & Community of ChristChurch Site Schedule & Information

What is the VBC? At its root, the VBC is about actively building our community, and realizing the strength and beauty of our power when we work and play together. By building a physical and social village infrastructure we are realizing our common visions for a lively and sustainable urban community. The VBC runs annually since 2000, during the first few weeks of June in the greater Portland area. Community of ChristChurch is proud to be a VBC placemaking site for 2017!

Friday, June 2nd: Potluck, Jam session & Tour of Back 40 at 6:30pm

Our church has a great set up for music and mingling. Bring your instruments and a potluck dish to share. If you have a song you'd like to share with the group bring that as well. We have a drum set and keyboard available for your use.

Saturday, June 3rd: Back 40 garden work party, 10am - 3pm

Garden work party with vegetarian friendly lunch. Potential activities include: build community garden beds out of found materials, plants for the pollinator pathway and plant native grasses. Check our website for details as we get closer:
www.comchristchurch.org/back-40-project

Sunday, June 4th: 9:30am Worship & 11am Blessing of the Back 40

Our final VBC session together invites you to worship with us and then bless the Back 40. Yes, we are a Christian church but our worship is open to all religions and spiritual persuasions. Please join us!

All sessions held at: Community of ChristChurch - 5170 NW Five Oaks Drive - Hillsboro, OR 97124
